Principal Update –

- Trustlands report – The school purchased teacher iPads and 2 student COWS with trustland monies this school year.
- Parent Compact – Included in all student planners. We want our parents, students, and school to be a team
- Title I money – Funding is spent on our reading specialists salary and aids to help with those students below grade level.
- Parent Involvement policy – Can be found on our website. We use board/state approved plans and policies to help improve student learning. Aides are helping with push ins in LA and Math – small groups. We also added advisory in elementary to help with parent involvement.

Concerns/News – PTSO is thinking about making thank you notes for parent volunteers. They are also looking into Surf and Swim end of year party. They are waiting to see how successful Family Fun Night is then will look into paying for buses for field trips.
