TO CONTINUE SUCCESS, PLEASE TOUCH BASE WITH GENERAL EDUCATION TEACHERS ABOUT YOUR CHILD'S SPECIFIC NEEDS. SPED TEACHERS WILL ALSO BE MEETING WITH OUR TEAM TO DISCUSS STRENGTHS AND NEEDS OF YOUR STUDENT.

WELCOME BACK HAWKS

WE ARE SO EXCITED TO SEE YOU!

The special education department at HighMark Charter School will be sending a monthly newsletter by email to parents of students who have qualified for special education services. We are striving to best support and communicate with parents consistently and frequently. This could be speech and language, occupational therapy, or support services in the classroom. Our goal is to help support you as parents with information to assist in the progress of your child. These newsletters will include:

- Online resources
- School supports and resources
- Clarification of laws and updates
- Activities or Opportunities specifically for Students with Disabilities and their Parents
- Statewide Trainings, Webinars, or Articles to support your knowledge on how to be an advocate for your child

At HighMark we want to help you make connections with your student, teachers, and the community. Let's SOAR together this school year.

Looking for more support?

Tutoring:

Teachers are at the school from 7:45-3:45. To best get support, make an appointment before or after school by emailing the teacher your student would like to work with.

Our HighMark staff is committed to assisting your student in clarification of classwork, homework, or specific concepts, make-up work, tests, etc. We want to ensure that your student succeeds.

Monthly Tip

Want to help your student build math skills? Have them help you in the kitchen by doubling or halving a recipe. This not only builds on literacy and math, but helps you your family to spend time together too.
